

PRECEPTS OF JOSHUA'S WARRIORS

RESTORE. Our nation has lost its' moral, ethical, cultural, spiritual and judicial compass. Only through prayer, implementation of Godly wisdom and strong moral leadership will it be restored. Those entrusted with conducting government must be just men and women who will rule in the fear of God and faithfully maintain the principles on which our nation was founded.

PRESERVE. In the words of Daniel Webster, "I am committed against everything which, in my judgement, may weaken, endanger or destroy the Constitution, and especially against all extensions of Executive power; I am committed against any attempt to rule the free people of this country by the power and the patronage of the government itself." The Constitution is a legal document which must be used to limit the powers of those who govern.

PROTECT. We are a people endowed with freedom as no other nation on earth! But these freedoms are being eroded by reckless and self-serving leaders who desire to limit or eliminate that which our Constitution has guaranteed. John Locke wrote "The end of law is not to abolish or restrain, but to preserve and enlarge freedom. Where there is no law there is no freedom. For liberty is to be free from restraint and violence from others, which cannot be where there is no law."
